AWARD

By Order No. L-12011/76/2005-IR (B-II) dated 31-10-2005 the Government of India, Ministry of Labour

in exercise of its powers under Section 10(1)(d) and (2A) of the Industrial Disputes Act, 1947 referred the following dispute to this Tribunal for adjudication :

“Whether Shri Kamal Sahoo, Part Time Sweeper is entitled for regularization as Peon in Mahāpal Branch, Punjab National Bank w.e.f. 1-2-2002 in the vacancy caused by retirement of Shri Chittaranjan Singha, Full-Time Peon-cum-Daftary ? If not, what relief the workman concerned is entitled to ?”

2. When the case is taken up today for hearing, none appears on behalf of either of the parties. It appears from the record that the union was absent on the previous date, i.e., 5-6-2014.

3. Considering the facts and circumstances and the conduct of the union it appears that the union is not at all interested to proceed with this case further.

4. In view of the above facts and circumstances, instant reference is disposed of by passing a “No Dispute Award”.

AWARD

By Order No. L-12011/98/97-IR (B-11) dated 20-10-1998 the Government of India, Ministry of Labour in exercise of its powers under Section 10(1)(d) and (2A) of the Industrial Disputes Act, 1947 referred the following dispute to this Tribunal for adjudication :

“Whether the action of the management of United Bank of India in not paying closing allowance to the workmen, (other than officers) attending work pertaining to half yearly and annual closing of accounts at par with the Officers is justified? If not, to what relief are the workmen entitled to?”

2. When the case is taken up today for hearing, none appears on behalf of union/workmen though the management is represented by its Ld. Counsel. It appears from the record that after receiving the order of reference notices were issued to both the parties and both the parties appeared through their respective Ld. Counsel, Union, however, stopped attending the Tribunal from 5-10-2010.

3. Subsequently, on 7-11-2013 fresh notice was issued to the union but the said notice was returned unserved with an endorsement “Left”. It is also surprising to note that the union before leaving its office did not even consider it necessary to intimate the Tribunal regarding the new address of its office. Considering the above facts and circumstances, it may reasonably be presumed that the union is not interested about the case and does not want to proceed with the instant reference case further. Perhaps the workman has no grievance against the management at present.

4. Considering the above facts and circumstances, instant reference is disposed of by passing a “No Dispute Award”.

AWARD

The Central Government, Ministry of Labour and Employment vide its Order No. L-12012/30/2012-IR (B-II) dated 18-9-2012 referred the following Industrial Dispute to this Tribunal for adjudication.

The schedule mentioned in that order is :

"Whether the action of the management of Bank of Baroda, represented by its Chief Manager, Namakkal Branch in terminating the services of Sri. K. Rangasamy, an Ex-Sub Staff-cum-Driver with effect from 17-12-2004 is legal and justified? What relief the workman is entitled for?"

2. On receipt of the Industrial Dispute this Tribunal has numbered it as ID 75/2012 and issued notices to both sides. Both sides entered appearance through their counsel and filed claim and counter statement respectively.

3. The averments in the Claim Statement filed by the petitioner in brief are these :

The petitioner had joined the service of the Respondent as a Temporary Sub-Staff-cum-Driver at its Namakkal Branch on 10-3-1995. The petitioner possessed licence for light vehicle tourist taxi, heavy goods vehicle, passenger vehicles, motor cycle, etc. The petitioner was working continuously without any break since his date of appointment and had completed more than 240 days of work each year. The petitioner has rendered service to the full satisfaction of his superiors. The Bank has entrusted with him sensitive works like handling cash. For the first two years of his employment, the petitioner had signed vouchers in his name. After this Bank used to obtain signatures of the petitioner in different names. The petitioner was employed in a sanctioned post. The petitioner had made representation on 4-7-2002 requesting to absorb him on permanent basis, but the bank has not acceded to his request.

The bank has absorbed one Balasubramaniam who was also Sub-Staff working along with the petitioner. The petitioner was stopped from doing work from 17-5-2004, without any notice. Radhakrishnan who was also a Sub-Staff working with the Respondent and was terminated had raised an Industrial Dispute and this Tribunal had directed the Respondent to reinstate him. Now the dispute is pending before the High Court in a Writ Petition filed by the Respondent Bank. The action of the Respondent in denying employment to the petitioner from 17-5-2004 is illegal and unjustified. The action of the employer is victimization and unfair labour practice and is in violation of the provisions of Industrial Disputes Act. An award may be passed directing the Respondent to reinstate the petitioner in service with back wages, continuity of service and other attendant benefits.

4. The Respondent has filed Counter Statement contending as follows :

The averments in the Claim Statement that the petitioner had worked at Namakkal Branch of the Respondent continuously during the period from 1995 to 2004 is false. In any case, the petitioner had not worked for 240 days or more in a year or a continuous period of 12 months at any given point of time. As per the guidelines of the bank the Respondent is required to keep the vouchers of the preceding for 10 years only. By the time the dispute was raised all cash vouchers upto the end of the year 1999 had been destroyed. The vouchers show that the petitioner was engaged for an intermittent period of 89 days in the year 2000 and intermittent period of 32 days in the year 2001. As evidenced by the cash voucher the last date on which the petitioner was engaged was on 3-12-2001. After this he did not report for any work. Vouchers for the year 2002 to 2004 do not show that the petitioner had been engaged by the Bank after 3-12-2001. From 28-8-2002 a permanent staff of the bank working as Peon was assigned the duty of Driver also as the Respondent's requirement of Driver was only occasionally. This being the case the petitioner could not have been engaged in the year 2002 or afterwards. The Respondent understands that the petitioner has stealthily taken away the original record of cash remittance of the Respondent. None of the documents produced by the petitioner would show that the petitioner had worked for more than 240 days in the Bank in any of the years. The allegation that the petitioner was made to sign in names other than his is not correct. Appointments in the Bank can be made only in accordance with the Recruitment Rules. The petitioner was never

appointed in accordance with the Recruitment Rules. Balasubramaniam referred to in the Claim Statement was absorbed in the service of the Respondent on the basis of the Tripartite Settlement arrived at with the employees. The petitioner runs taxi business and is gainfully employed. The Respondent had sanctioned Rs. 4.5 lakhs of loan comprising a car loan in favour of the petitioner, a housing loan in favour of the petitioner and his wife and two educational loans for the benefit of the two sons of the petitioner. As per Income Certificate submitted by the petitioner, at the time of obtaining the loan, his income from taxi business was Rs. 25,000 to Rs. 30,000 a month. The petitioner is not entitled to any relief.

5. The evidence in the case consists of oral evidence of WWI and MWI and documents marked as Ext. W1 to Ext. W19 and Ext. M1 to Ext. M16.

6. The points for consideration are :

- (i) Whether the action of the Management in terminating the service of the petitioner w.e.f. 17-5-2004 is legal and justified ?
- (ii) What is the relief to which the petitioner is entitled ?

The Points :

7. The petitioner has raised the dispute claiming reinstatement in the service of the Respondent Bank with all benefits including back wages. According to the petitioner he had started to work at Namakkal Branch of the Respondent Bank on 10-3-1995 on temporary basis and had continued to work with the Bank till 17-5-2004 on which date he was prevented from continuing in the job. In the Schedule of Reference the date of termination of the petitioner is shown as 17-12-2004. According to him this is only a mistake and the date of actual termination is 17-5-2004.

8. The case of the petitioner is that he had been working continuously with the Respondent as Sub-Staff-cum-Driver after he joined the service of the Respondent on 10-3-1995. It is claimed by him that during each of his years in service, he had completed more than 240 days work. The case of the Respondent is that the records of the Respondent would show that the petitioner was engaged for the last time on 3-12-2001. It is also stated by the Respondent that in the year 2000 the petitioner had worked for 89 days and in the year 2001, 32 days only, with the bank. The Respondent is also disputing the claim of the petitioner in the Claim statement that he was sponsored by the Employment Exchange. According to the Respondent the petitioner has not turned out for work

after 3-12-2001. According to the Respondent since there was need of a Driver only occasionally for the branch, the permanent Sub-Staff of the branch was being engaged as Driver also from August 2002..

9. The petitioner has claimed in the Claim Statement itself that he was employed by the Respondent on temporary basis only. He was not given any order of appointment. He has admitted during his cross-examination that his appointment was not through the Employment Exchange also. He was also not given any order of termination, as admitted by the petitioner.

10. It is the claim of the petitioner that after he had started to work for the Namakkal Branch on 10-3-1995 he had been continuously working at the Branch until 17-5-2004 and that during each year of his service he must have worked for more than 240 days. It is for the petitioner who is raising this claim to prove that he had worked for so much days with the Respondent. Especially it is for him to prove that he had worked for 240 days during the year preceding his date of termination. Ext. W1 to Ext. W17 are not of any use in proving that the petitioner had been working for more than 240 days in each year he had worked with the Respondent. These are only certificates, letters, representations, etc. which would not serve the purpose of proving the period of service of the petitioner. Ext. W18 and Ext. W19 are the documents relied on by the petitioner to prove his case that he was having continuous service with the Respondent. Ext. W18 is stated to be the extract of summary register of cheques received for collection and Ext. W19 is said to be the extract of account closed register which according to the petitioner would prove that he was continuously working. The case of the petitioner seems to be that he was driving the office jeep of the branch used by the Officers to make the remittance. In the Counter Statement the Respondent has stated that the original forms must have been clandestinely removed by the petitioner to concoct documents. It is further stated in the Counter Statement that the Respondent being bound to keep documents of 10 years only, it is not in a position to verify the authenticity of the document also. If these documents are the copies of the originals, one is at a loss as to how this had come to be in the possession of the petitioner. The documents produced being photocopies there is no way to decide the authenticity of these documents. However, even assuming that these are copies of the originals, will it show that the petitioner had worked for more than 240 days during the relevant period? It will not be possible to come to such a conclusion from these documents. It has not been shown by the petitioner that these documents ensure that he had worked for more than 240 days within 12 months out of the period referred to in these. As per Ext. W18 the total number of days worked for the period from November 1995 to February 1997 is 164. As per Ext. W19 which is almost for the same period

the total number of days worked is 72, making a total of 236 days. Apparently this number is for a longer period than 12 months. Apart from this is the fact that there is no documentary evidence at all proving the number of days worked after this, though, according to the petitioner he had worked till 17-5-2004. Of course, the petitioner has got a case that he was allowed to put signature in his own name during the first two years only and subsequently he was putting his signature under different names. However, the petitioner has not produced documents similar to Ext. W18 and Ext. W19 for the period subsequent to that shown in these documents. There is also the fact that according to the Respondent itself the petitioner had worked with the Bank until 2001, though according to it only 89 days in the year 2000 and 32 days in the year 2001. Ext. M16 are the cash vouchers for the period from January 2000 to December 2001 showing engagement of the petitioner for 89 days in the year 2000 and 32 days in the year 2001. According to the Respondent the last engagement of the petitioner was on 3-12-2001 as revealed from the cash voucher. Thus there is no evidence available to show that the petitioner had worked more than 240 days within 12 months preceding the alleged date of termination or during any 12 months after 10-3-1995 on which date he is said to have joined the bank.

11. The case of the Respondent is that the petitioner has not turned out for work after 3-12-2001. According to the Respondent, the petitioner has all along been gainfully employed. The Respondent itself had sanctioned car loan, housing loan and educational loan for the children of the petitioner. Though the document pertaining to the car loan is not produced, documents regarding other loans availed by the petitioner are produced by the bank. Ext. M8 is the copy of the memorandum by which the petitioner's wife deposited her title deeds at the bank to secure the loan availed by the petitioner from the bank on 28-5-2001. Ex. M9 is the letter sanctioning educational loan to the petitioner for the benefit of one of his sons. Ext. M10 is the letter sanctioning educational loan to another son. Though the document pertaining to car loan is not produced, the petitioner himself has admitted in his affidavit that he had obtained loan for purchasing a car in the year 2004 and the loan was closed during 2005-2006. According to him the car was also disposed in the year 2010 for meeting his financial requirements. Thus there is the admission on the part of the petitioner that he had purchased a car in the year 2004 and was retaining it until 2010. He was able to close the loan of the car within 2 years. He must have been having sufficient income in the absence of which he would not have been able to avail home loan also during the same period. When these facts are taken into account one would feel like concluding that the petitioner has stopped working at the bank after he started to have his own income after he started the taxi business using the car purchased availing loan from the bank.

12. The petitioner had raised the dispute after a very long time, on 12-1-2011. Ext. M13 is the copy of the statement filed by him before the Regional Labour Commissioner on 12-1-2011. Even if the case of the petitioner that he worked with the bank till 17-5-2004 is accepted he had raised the dispute almost after long 7 years. Certainly, the matter having been referred by the Government for adjudication there is no question of limitation for the claim. However, the delay occurred in raising the dispute is also a factor to be taken into account while considering the case of the petitioner. What was he doing for 7 years during which period he was keeping silent. What he has stated in his affidavit is that his mother was a cancer patient and died in 1989 and that his father who was mentally retarded passed away in 1999. Apparently, the death of mother has taken place even before he is said to have joined the bank in the year 1995. He was still in the services of the Respondent at the time of death of his father. So certainly, his family problems could not have been reason for the delay in raising the dispute. On the other hand it could be seen from the documents produced by the Respondent that the petitioner was very much active and alert during the period after he was allegedly turned out from service. He had been approaching the bank after the alleged termination also as seen from the loan sanctioning orders marked as Ext. M9 and Ext. M10. Both these are in the year 2006. This would show that the petitioner had then not at all the felt aggrieved even though he was turned out from service by the Respondent. One does not know what prompted the petitioner to raise the dispute after a span of 7 years. The only assumption is that the petitioner left the employment of the Respondent on his own and turned to other gainful employment. Otherwise he would not have remained in slumber all these years. Even assuming that the petitioner has a claim, has a right, he is not eligible for any such relief. A person who has been sleeping over his rights for years does not deserve any such relief. I find that the petitioner has failed to establish the case set up by him. He is not entitled to any relief.

In view of my discussion above, the reference is answered against the petitioner.

An award is passed accordingly.

AWARD

27-6-2014

1. The Central Government in exercise of the powers conferred under clause (d) of Sub-section 1 & 2(A) of section 10 of the Industrial Disputes Act, 1947 has referred the following Industrial dispute to this tribunal for adjudication :

“Whether the action of the management of Madhocon Project Ltd. Over the matter of

termination of Shri Kuldip Singh from services is legal and justified ? If not, what relief the workman is entitled to ?”

2. Pursuant to the receipt of the reference order, registered notices were issued to both the parties. None appeared from either side on 20-6-2014. Applicant was served for filing statement of claim on 20-6-2014. For 20-6-2014 opposite party was also served because registered notice sent against opposite party has not been received back and the acknowledgement attached with the registered notice has also not been received back. It indicates that opposite party was also served but none appeared from opposite side also. In absence of statement of claim on 20-6-2014 case was adjourned in interest of justice by the tribunal on its own motion to furnish opportunity to the applicant to file statement of claim on 26-6-2014. On 26-6-2014 also applicant neither appeared nor filed statement of claim. From the opposite party also none appeared on 26-6-2014. It is pertinent to note that on 18-3-2014 copy of the reference was sent by Ministry to applicant with direction to file statement of claim within 15 days from the date of receipt of reference. Applicant has neither filed statement of claim on the direction of Ministry nor on receipt of notice sent by the tribunal. It appears that applicant is not interested and willing in submitting the claim for adjudication. In the circumstances & in the absence of material brought on record it is not possible to adjudicate the reference under consideration, therefore, “No Claim Award” is passed in this matter. The reference under adjudication is answered accordingly.

3. Award as above.

BHARAT PANDEY, Presiding Officer
